ONTARIO FARMERS DISCUSS PLATFORM

Propose National Prohibition and Other Planks; Want Income Tax Kept

Absolute freedom of discussion; no change in Canada's relations to the United Kingdom until after full discussion by the Canadian people; repeal of the War Times Election Act; permanent Dominion-wide prohibition of the manufacture, importation and sale of liquor; nationalization of railway, telephone, telegraph and similar utilities and natural resources to be leased for short terms by public auction.

These were the main planks in the proposed platform of the United Farmers of Ontario, tentatively agreed upon at a meeting held at the headquarters of the organization.

Planks previously adopted by the Canadian Council of Agriculture were re-affirmed, including sweeping reductions in customs, taxation and the substitution of a direct tax on unimproved land values, a sharply graduated inheritance tax on large estates and a graduated income tax on the profits of corporations with a special squeeze on watered stock.

All these matters will however, come up for review at the national convention to be held in December for final adoption.

Judge Meyer, of New York, is president of a newly formed ranching and farming company at High River, with a capital of $1,000,000. The Walter Ings ranch west of High River, recently bought for the syndicate by P. Burns, will be the nucleus of the company's operations.

TWO DEATHS FROM INFLUENZA

The funeral took place on Thursday last at the Vulcan cemetery, of Percy Grant, who died of pneumonia, superinduced by influenza, at the local hospital the same day. He had only been ill for a few days. The disease developed into pneumonia of a virulent type, which proved fatal.

At the time of Mr. Grant's illness his wife was also taken with the influenza, and in spite of all that could be done she gradually sank and passed away yestetrday morning at an early hour at the local hospital. The funeral took place in the afternoon at the Vulcan cemetery.

Mr. and Mrs. Grant were employed on Mr. Ray Preffer's farm and were very favorably known in the Reid Hill and Vulcan districts.

The sister of Mrs. Grant, Miss Erroll Brannick, of Chilliwack, B. C., has been here nursing her sister at the hospital. Mrs. Grant was only 18 years of age, and was a daughter of Joseph Grant of Chilliwack.

The funeral services were conducted by Rev. A. R. Schrag.

KIRKCALDY MAN DIES AT LETHBRIDGE

Word has been received in Vulcan that William Rutledge, of Kirkcaldy, died in Lethbridge on Saturday from the Spanish influenza.

It appears that Mr. Rutledge was on his way to Regina, Sask., where his people live. He broke his journey at Lethbridge, but whether on account of feeling unwell is not known. He was removed to the Lethbridge hospital and expired forty-five minutes after entering it.

Mr. Rutledge, who had been in Kirkcaldy about six months, was manager of the Bawlf Grain Company's elevator there. He had seen active service in France, having gone over with the first Canadian contingent.

The Cordovas, a musical aggregation, were to appear on that date. Arrangements, however, will be made to have them appear at a later date. If that is impossible, they will be substituted by some company of equal note. A later announcement will be made of when the Lyceum will commence.

The war is not yet over, buy Victory Bonds.

BANKS WILL HELP SMALL INVESTORS

It is announced that, in order to encourage investors to participate in the 1918 Victory Loan, the Banks will lend subscribers, on the probable certainity of repayment within a year, up to 90 per cent. of the amount of the investment in the Loan. The rate of interest charged by the banks is 5½ per cent.

This should have the effect of greatly stimulating the flow oof money when the big drive starts. Many people who were anxious to do their bit towards supporting the boys at the front were unfortunately restricted as to the amount they had available for investment, having immediate or future obligations which called for their ready capital. It is such as these that the Banks are ready to help. On reasonable security these intending investors may receive the cash from the Bank at the same rate of interest the Dominion Government pays for the entire 1918 Victory Loan. They may reduce their obligations to the banks monthly or quarterly.

The Banks will also accept small investments for safe keeping without charge the interim securities and later the bonds themselves up to a reasonable amount, for the term of one year.

THANK THE PEOPLE OF THIS DISTRICT

The Lethbridge central organization committee of the Knights of Columbus wish to extend to the people of Vulcan and district their thanks and appreciation for the cooperation and assistance in the canvass for the Canadian Army Hut Fund. Southern Alberta certainly went over the top, the collections exceeding $22,000 whereas the quota set was $10,000.

The amount collected in Vulcan and district was $375.35.

AUCTION SALE POSTPONED

The auction sale of the farm stock and implements, the property of Mr. John Brown, Reid Hill, advertised in another part of this issue for Nov. 5th, has been cancelled. Auctioneer C. C. Rebbe has received notification from the health authorities that the event must be called off, for the time being. The definite date of when the sale will be held will be announced later.

BERRYWATER SENDS BOXES TO BOYS OVERSEAS

The members of the Berrywater U. F. A. and Red Cross Society collected over $100 for boxes to be sent to the soldier boys from this district, and on Saturday, October 19th, the ladies of the Red Cross met and packed thirteen boxes.

BROKE HIS LEG

Ed. Clifton of the Palace Livery barn met with an accident on Monday afternoon which resulted in a broken leg. Mr. Clifton was out in the country twenty miles east of town in an auto with a passenger. In order to get off the road on to the open it was necessary to hold the wire fencing down. This Mr. Clifton was doing, and the car was about to pass over when in some way the wire shot up from under his foot and threw him, breaking his right leg just below the knee. He was immediately brought to town and given attention.

TO PRESS UNDER DIFFICULTIES

The Advocate goes to press under difficulties this week. Linotype operator Klebe is down with Spanish influenza, and his removal means that no type is being set, it all having to be done out of town. This means considerable delay in more ways than one, but the remainder of the staff is doing what can be done to keep up to form. We trust that for any ommissions of local news, and a scarcityofreading matter our readers will put the blame where it belongs, on the Spanish 'flu.

If Canada is worth living in she is worth supporting; buy Victory Bonds.

A MIRACLE OF CHARITY

Eighten months ago three children were found on an isolated section of Manitoba, near Whitemouth, half naked, and starving, both their parents having died. They were taken in charge by the Salvation Army, Winnipeg, and are now well developed and cured of the disease which has crippled them. The upper picture shows the children as trey appeared when rescued from their shack; the lower picture shows them as they appear today.

INFLUENZA HERE IS ON THE DECLINE

Care Must Be Observed If Trouble Is To Be Stamped Out

That the Spanish influenza has reached its height and will moderate from now on if care is taken, is the opinion of Health Officer Knowles. The number of cases at the week-end was greater than at any other time, but there are less to-day, and with care the number can be gradually decreased until the epidemic is overcome.

Carelessness, however, must be avoided. Restrictions and regulations must be regarded, and the public must still cooperate with the authorities in observing the necessary restrictions.

Valuable help has been given to the health officerin dealing with cases by Mrs. Howes, Mrs. Whicher, Mrs. Geo. Robson, Miss Fair and other members of the Red Cross Society. All that was possible has been done.

RETURNED MEN TO OPERATE TRACTORS

With the object of assisting the movement for greater production, the Veterans' Mechanical company has been formed in the east with George Miller, of Toronto, as president. Mr. Miller was a visitor in this province recently annd conferred with the provincial officers of the Great War Veterans relative to the operation of the company in the province with the opening of spring.

The company is composed of returned men with mechanical experience, and they have about fifty tractors in line to start operations in the spring. The company is incorporated under the Ontario Act. The plan is to operate from a central town as a base with four units, each unit with ten tractors, and each unit equipped with a travelling work shop.

It is hoped, through the operations of the company apart from rendering valuable assistance to farmers in breaking up their land and in doin repairs throughout the country to give employment to a large number of returned soldiers.

BERRYWATER RED CROSS HOLD ANNUAL MEETING

Work Of Two Months Shows Much Enthusiasm And Progress

The annual meeting of the Berrywater branch of the Canadian Red Cross Society was held in the school house on Friday evening, October 4th.

Supper was served early in the evening, after which the meeting was called to order, and the reports were presented by the officers.

During the two months since organization 31 members were secured and a total of $235.15 was raised.

The superintendent of supplies reported 319 pieces forwarded to the Alberta branch made up of 84 personal property bags, 60 T bandages, 1 pair socks, 24 C binders, 24 flannel binders, 20 wringers, 50 pillow cases, 44 towels, 24 amputation dressing covers.

The following officers were elected for 1919: chairman, Mrs. John Douglas; vice chairman, Mrs. Wilson Oldfield; recretary-treasurer, Mrs. Jack McLean; superintetndent of supplies, Mrs. D. Z. Carr, Mrs. J. McKenzie; executive committee, Mesdames D. Z. Carr, D. Mills, Messrs. D. Simms, P. Haslam, N. S. Campbell, Wilson Oldfield and F. Baden.

After the meeting the remainder of the evening was spent in dancing.

Let Ludendorff lose; buy Victory Bond.

For Foch and Freedom buy Victory Bonds.

WHAT VULCAN DID IN THE 1917 LOAN

The figures of last year's Victory Loan show that the district has no fear of being left behind when it comes to doing its proper share. The quota set was $450,000 and the amount raised was $915,000. For the territory tributary to Vulcan the sum of $80,000 was set and $201,000 was raised. Vulcan and immediate district alone went higher than the quota for the entire district, raising $101,000.

For this year's Loan the quota of $700,000 has been set. This is much higher than last year, and the crop is not nearly so good, but if we could do $915,000 last year, there is hope that we can raise the desired amount this year. We must all do our best. We are doing it for the soldiers who are doing so much for us. Lending money is nothing compared to fighting.

A CHANCE FOR CANADIAN CONSUMERS

Consumers of Canada have now an opportunity of ascertaining whether the prices they are paying for foodstuffs are reasonable and fair or possible extortions by alleged profiteers. All they have to do in each municipality in Canada is to ask their municipal council to appoint a Fair Price Committee to investigate the prices asked by retailers and to draw conclusions as to whether these prices are fair and reasonable. These Fair Price Committees will then publish their findings in the form of lists.

In this way the consumer will make sure whether he is paying prices which are unreasonable and unfair or not. It may be that the prices which the committee considers to be fair and reasonable will not be any lower than the present prices charged by retailers In some cases they may be highr. But that need not bother the consumer so long as he is satisfied through investigation of the impartial Fair Price Committee within his own municipality that the prices published indicate a fair and reasonable standerd to guide both consumer and retailer, having in mind war conditions and the unsettling of pre-war prices.

If there is a desire on the part of the consumers to find out just where they stand in regard to prices which they have to pay for foodstuffs, they now have a golden opportunity to have the matter dealt with once and for all under the provisions of the recent order-in-council, fathered by the Department of Labour, relative to the appointment of municipal Fair Price Committees.

In some quarters it ss said that Fair Price Committee will not solve the food problem present in most households. It may be pertinent to suggest that municipal Fair Price Committees first should be given a chance to show that they can find a solution before the principle of municipal Fair Price Committees is condemned out of hand. It is a good rule to support measures that seem to tend in the right direction. A similar programme has been effected in the Uited States.

The virtue of this order-in-council, giving authority to municipalities to appoint Fair Price Committees to investigate the prices consumers have to pay lies in hte publicity that will be given to the findings. In this way puble opinion will be informed and enlightened public opinion may be trusted to cooperate in all national food efforts iif it knows the facts. You can always give anything a thorough trial once.

ANTRIM SCHOOL DISTRICT IS GETTING INTO SHAPE

Antrim School District, No. 3707, formed some time ago, is getting into shape. Secretary J. K. Martin was in Vulcan this week, and says that tenders are being called for the erection of the school house, which will be on the S. E. of 17-20-24-4, on the Reserve The district is also to make application for debentures for $2,250. The school district contains 13 children. The trustees of the new district are Frank Arrison, chairman, Thos. Kelly, and J. K. Martin, secretary-treasurer.

LIEUT. STANLEY SKENE KILLED IN ACTION

Well-Known Lawyer Gives His Life For Freedom

Word was received in Vulcan on October 10th. Boyce particulars are to hand

Lieut. Skene was an officer of the 103rd Calgary Rifles, and went overseas with the Queens University Batt. He had been in France for the past two years, and had been intelligence officer for the past six months.

Prior to his enlisting, Lieut. Skene practiced law for two years in Vulcan, coming from the law firm of Peacock, Skene and Skene, Calgary. He was well known and highly esteemed in Calgary and Vulcan. He was born in Port Elgin, Ontario, in 1885, and moved west with his parents when quite a young boy, attending the public and high schools in Regina and also the University of Manitoba at Winnipeg and Queen's University, where he graduated in 1908. He took a post-graduate course at Harvard University, and was called to the Alberta bar in 1912.

He went through the big engagements of Passchendale, Amiens, Arras and Cambria. He was recommended for his captaincy, word of which has just been received. His brother Harold, a private in the Princess Pats, was killed about a year ago at Passchendaele.

On Lieut. Skene joining the colours Mrs. Skene and her little raughter went to live with Mrs. Skene's parents at Granville Ferry, N. S., and is there at present.

The news of his death came as a severe shock to his many friends in Vulcan and district, and the sympathy of one and all is extended to Mrs. Skene in her irreparable loss.

The best nationalization papers; Victory Bonds.

Messrs. M. L. Gordon and Roy Walker motored to Lethbridge Monday.

For Flanders Field and Canada, buy Victory Bonds.

Mr. and Mrs. Chas. Clark, of High River, were in town today, having motored over.

The funeral of Wm. Grant, who died suddenly from pneumonia, took place on Thursday at the Vulcan cemetery.

Mr. Barber of the Bank of Hamilton, Nanton, is here relieving at the Bank of Hamilton as most of the regular staff is down with influenza.

The treasurer of the local branch of the Red Cross Society wishes to acknowledge a donation of $50.00 from Mr. J. S. Jamieson.

Mr. C. E. Adams, Victory Loan organizer for this district, was in town on Monday. He speaks very hopeful of the needed quota throughout this country being raised.

Consequent on the general upset the opening performance of the Ellison-White Lyceum, booked for Vulcan for November 6th, has been indefinitely postponed.

Mrs. Jas. Smith, of Vulcan, went to Carmangay on Sunday to nurse her daughter, Mary Smith, of the Bank of Commerce staff there. Miss Smith is a sufferer under the prevalent 'flu.

R. S. Williams, at one time of Vulcan when he worked at the McQueen blacksmith shop, and now of the R. N. W. M. P., Regina, was in Vulcan on a visit last Thursday. He was on his final leave before leaving for Siberia.

INFORMATION WANTED

Relatives of Wallace Colquhoun, residing in Portland, Oregon, have written to Vulcan asking particulars of his whereabouts, and any information regarding him will be gladly received at the Advocate office.

From information, Colquhoun was working in or around Vulcan in the fall of 1917 on a farm tractor.

YOU, YOUR COMMUNITY, AND ...BY BONDS: THREE IN ONE

DO

Mr. Man, the ...n campaign started on Monda... week. You may already have bought your bonds. If so, well and good ; if you have not, why not ?

Don't think that we are paid for boosting this Loan and are trying to persuade you to take some of it because of the money there is in it for us, because we are not. We boost it because we believe in it, we boost it just the same as we would boost a hospital, a school and anything else that would be for the good of the community.

And that is the point—community; community and Victory Bonds. Do you knew that the two of them go together, depend on one another, and that one is inseparable from the other just as your head is inseparable from your body if you are going to live ?

Your country cannot live without Victory Bonds ; had it not been for last year's loan your community would not be worth two cents to-day. Why ? Because the grain you grew or the stock you raised would have had no market, there would be no money to buy it. So that if your produce was of no value, the land that raised it would be of no value. But the Loan saved that. It bought your grain and stock, handed you the money, and with that money you were able to carry on for twelve months.

But the twelve months is over, and you and your community are in the same position as they were last year. If the people buy Victory Bonds the community will be as good as ever. But if they don't, why then, it is plain that not only your community, but every other community will go down. That is perfectly clear. The next thing is :

What are you going to do to help keep your community where it should be ?

There is only one thing, and that is, buy Victory Bonds.

Look here. The war is as good as won, Germany by her plea for peace has as good as said so, and it has'nt hit you very hard. All you do is to lend your money to your country, which is practically lending it to yourself since it is to buy what you grow and make what you need in addition to carrying on the war, and you get $5.50 every year for every $100.00 you put into it. Money for nothing, my friend, ...ney for nothing.

Think it over.

THE INFLUENZA EPIDEMIC

After rather more than a week the Spanish influenza seems to have taken a good hold on the community. The number of cases is on the increase despite the fact that all is being done to hold it down. The health officer, handicapped by lack of assistance and the necessity of long distance calls, is working under full pressure, and it is inevitable that under the circumstances there should be some who grumble at conditions.

But whatever the circumstances may be the matter has proceeded until it has become essential that everyone in town and district is created his own health officer to a certain extent. That means that everybody has to think, not only of their own safety, but the safety of others. Every individual must exercise the greatest care in helping to keep the epidemic down. Masks have been ordered to be worn by everybody in the province ; this by the Provincial Board of Health. Uncomfortable as they are, it is the duty of everyone to see that this order is carried out. Nobody is wearing them for fun. It is a serious business, and those who have the welfare of the comumnity at heart will see that as far as they themselves are concerned no necessary precautions shall be omitted.

THE HOSPITAL QUESTION

The hospital question, in common with all public matters, is suffering a setback on account of the prevailing sickness. The petitions, nevertheless, have been round a fair proportion of the proposed district, and are meeting with a welcome. People are glad to avail themselves of the opportunity of helping to place a hospital in a district where it is greatly needed.

There is one point about the matter, however, and that is that there has never been a meeting of representatives from all the districts concerned. For the most part, the matter has been handled by people mostly from Vulcan. While they have taken upon themselves the initial work, and done it without a thought in the world of leaving others out in the cold, it would have been wiser at the start to have called a fully representative meeting and had their interest and cooperation. The ommission was purely an oversight no doubt, but we would not say that some cooperation has not been witheld from the project on that very account. It is not too late even now. As soon as the epidemic passes over it would be wise to have a meeting representing all the governing bodies within the proposed hospital area and so call them all into active cooperation. That is the best and the quickest way of realizing the hospital.

Your share of the triumph ; buy Victory Bonds.

Everybody has to wear a mask on account of the flue. What you save in tobacco will very well do in Victory Bonds.

Nothing should be left undone, buy Victory Bonds.

Although the Germans protest that they do not wantonly destroy property, investigation proves otherwise. They have evidently got the habit.

The food situation of the Allies is safe until next harvest but this does not mean a let-up on conservation. We must still pull together and be in readiness for whatever may happen.

Your country needs your coin.

President Wilson's answer to the Germans was in the right vein. You cannot treat with murderers any more than you can play with fire.

The German people are demanding doing away with the Hohenzollerns and the formation of a republic. Kaiser Bill's position gets worse every day.

Put Vulcan over the top.

According to reports from Holland, Turkey is in need of a rest after the past four years. A trip to Asia will doubtless be recommended in the near future.

The German reply to President Wilson's latest note will be delayed some days in order that it may receive careful consideration. All the consideration in the world will not avert the inevitable.

Victory, victory, who hears the call ? "I do," replies the Entente, one and all;
Call of the freemen, call of the brave;
To vanquish the Hun, civilization to save.
Our brave men have fought, the victory's sure,
Resistence was gallant; the spirit was pure ;
Your share at home to back up their work,
Buy Victory Bonds ; you never must shirk.
Out on the battlefield, out on the blue,
Never a man but is fighting for you ;
Dare you to say in the face of all this;
Sell me no bond, I don't know what it is ! "

FOOD SITUATION IS SAFE ONE FOR ALLIES

Dr. Charles W. Robertson has returned to Ottawa from Washington where he had conferences with Mr. Hoover and members of the staff of the food administration regarding the food and feed situation, and with Mr. Houston, secretary of agriculture, and officers of his department concerning a campaign for increased production of crops for 1919. The food situation of the allies and their armies overseas may be summed up chiefly as follows :

For the present the food situation is a safe one for the allies until the next harvests are gathered. But there are no reserves of any appreciable quantity in sight to keep them safe during the following year in the event of a comparative failure of crops or of light crops in the allied countries. The United States leaders have sized up the situation in that way and decided that it is necessary to continue a thoroughly organized and energetic campaign for increased production of crops and for saving of food. The reports received indicate a marked increase in the area sown to fall wheat —over 46,000,000 acres have been sown The minimum price fixed for the wheat crop of 1919 assures the farmers at least as much as the price for the crop of 1918.

The Dominion department of agriculture and the Canada food board are planning to co-operate with all the provincial governments for a continuation of the campaign throughout Canada on the lines adopted last spring and which have been found successful in England and the States. The organization of county bodies of farmers in both these countries has not only resulted in bringing additional acres under crops, but it has had also the effect of improving the methods of farming. In England the work of the county and parish committees is credited with having advanced agriculture at a bound as far as 10 years of ordinary peace time progress would have carried it.

Ranch for Sale

320 Acres

8 miles from Cochrane, fair buildings, 80 acres under cultivation, all fenced and cross-fenced, very little brush, living Springs which never freeze Open range, close by. Price $23.00 per acre. $1500.00 cash. Good roads.

PUBLIC OWNERSHIP

YOU believe in Public Ownership of public utilities. Everybody does.

Those who oppose it are actuated largely, if not solely, by personal interest. No enterprise which from its nature is susceptible of becoming a monoply should be left under private control.

You have an opportunity at home to try out the advantages of public ownership by giving your unqualified support to the Vulcan Co-Operative Co., Ltd. If you disapprove of its present policy, give the management and Board the benefit of your criticism and advice There is no defined limits to the scope of its beneficial activities, provided it gets the support of all farmers who believe in co-operation for mutual aid and profit.

THE VULCAN CO-OPERATIVE CO. LTD.

OFFICIAL PROSPECTUS

The proceeds of this Loan will be used for War purposes only, and will be spent wholly in Canada

THE MINISTER OF FINANCE OF THE DOMINION OF CANADA offers for Public Subscription the

Victory Loan 1918

$300,000,000. 5½% Gold Bonds

Bearing interest from November 1st, 1918, and offered in two maturities, the choice of which is optional with the subscriber as follows:

5 year Bonds due November 1st, 1923
15 year Bonds due November 1st, 1933

Principal payable without charge at the Office of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Victoria.

Bonds may be registered as to principal or as to principal and interest, at any of the above-mentioned offices.

Interest payable, without charge, half-yearly, May 1st and November 1st, at any branch in Canada of any Chartered Bank.

Principal and Interest payable in Gold
Denominations: $50, $100, $500 and $1,000

Issue Price: 100 and Accrued Interest

Income Return 5½% per Annum

Free from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The proceeds of the Loan will be used for war purposes only, including the purchase of grain, foodstuffs, munitions and other supplies, and will be spent wholly in Canada.

Payment to be made as follows:
10% on application; 20% January 6th, 1919;
20% December 6th, 1918; 20% February 6th, 1919;
31.16% March 6th, 1919.

The last payment of 31.16% covers 30% balance of principal and 1.16% representing accrued interest at 5½% from November 1st to due dates of the respective instalments.

A full half year's interest will be paid on May 1st, 1919, making the cost of the bonds 100 and interest.

Subscriptions may be paid in full at the time of application at 100 without interest; or on any instalment due date thereafter together with accrued interest at the rate of 5½% per annum.

This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.

The Amount of this issue is $300,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of $300,000,000.

Conversion Privileges

Bonds of this issue will, in the event of future issues of like maturity, or longer, made by the Government, during the remaining period of the War, other than issues made abroad, be accepted at 100 and accrued interest, as the equivalent of cash for the purpose of subscription to such issues.

Payments

All cheques, drafts, etc., covering instalments, are to be made payable to the Credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions must be accompanied by a deposit of 10% of the amount subscribed. Official Canvassers will forward subscriptions or any branch in Canada of any Chartered Bank will accept subscription and issue receipts.

Subscriptions may be paid in full at time of application at 100 without interest; or on any instalment due date thereafter together with accrued interest to time of making payment in full. Under this provision, payment of subscriptions may be made as follows:

If paid in full on or before Nov. 16th, 1918, par without interest, or 100%.
If remaining instalments paid on Dec. 6th, 1918, balance of 90% and interest, ($90.48 per $100.)
If remaining instalments paid on Jan. 6th, 1919, balance of 70% and interest, ($70.80 per $100.)
If remaining instalments paid on Feb. 6th, 1919, balance of 50% and interest, ($51.04 per $100.)
If remaining instalment paid on Mar. 6th, 1919, balance of 30% and interest, ($31.16 per $100.)

Denomination and Registration

Bearer bonds, with coupons, will be issued in denominations of $50., $100., $500., and $1,000., and may be registered as to principal. The first coupon attached to these bonds will be due on May 1st, 1919.

Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of $50., $100., $500., $1,000., 5,000., $10,000., $25,000., $50,000., $100,000., or any multiple of $100,000.

Payment of Interest

A full half year's interest at the rate of 5½% per annum will be paid May 1st, 1919.

Form of Bond and Delivery

Subscribers must indicate on their application the form of bond and the denominations required, and the securities so indicated will be delivered by the bank upon payment of the subscription in full.

Bearer bonds of this issue will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or fully registered as to principal and interest, will be delivered to subscribers making payment in full, as soon as the required registration can be made.

Payment of all instalments must be made at the bank originally named by the subscriber.

Non-negotiable receipts will be furnished to all subscribers who desire to pay by instalments. These receipts will be exchangeable at subscriber's bank for bonds on any instalment date when subscription is paid in full.

Form of Bonds Interchangeable

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons, will have the right to convert into bonds with coupons and holders of bonds with coupons will have the right to convert into fully registered bonds without coupons, at any time, on application to the Minister of Finance or any Assistant Receiver General.

Forms of application may be obtained from any Official Canvasser, from any Victory Loan Committee, or member thereof, or from any branch in Canada of any Chartered Bank.

Subscription Lists will close on or before November 16th, 1918

FACTS ABOUT THE VICTORY LOAN

Details of Price and Payments are Explained

Five hundred million dollars is the amount required to be raised by the Canadian government to carry on Canada's part in the prosecution of the war. The minimum amount which the minister of finance asks for is $300,000,000. The larger amount will be raised if possible.

There are no 20-year bonds in this issue. Five and 15-year bonds will be available in the new loan.

The selling campaign for the new loan will begin Monday, October 28th, and will continue until Saturday, Nov. 16th.

The details of the issue follow :

Through the prospectus of the 5th Canadian war loan—the Victory Loan of 1918—the Dominion of Canada will ask for a minimum amount of $300,000,000 with the right to accept all or any part of subscriptions in excess of that sum, to be used for war purposes only and to be spent wholly in Canada. The rate of interest will be 5½ pr cent per annum, payable May 1 and November 1, and the denominations $50, $100, $500 and $1000. The loan will be offered in two maturities —5-year bonds due November 1, 1923, and 15-year bonds due November 1st, 1933.

The issue price will be 100 and accrued interest for both maturities, cent per annum. Provision is made for payment in five installments as follows : Ten per cent on application; 20 per cent on December 6, 1918; 20 per cent on January 6, 1919; 20 per cent on February 6, 1919; 31.16 per cent on March 6, 1919. The last payment of 31.16 per cent cover 30 per cent balance of principal and 1.6 per cent representing accrued interest at 5½ per cent from November 1 to due dates of the respective instalments. As a full half year's interest will be paid on May 1, 1919, the cost of the bonds will be 100 and interest.

Prices of bonds : The 1918 Victory Bonds are issued "at par and accrued interest;" this means that all the bonds bear interest at 5½ per cent per year from the first date of the application period, November 1; and if payments are made by instalments the applicant has to pay the small sum of "accrued interest along with his final payment," this amounts to 58 cents on a $50 bond, and $1.16 on a $100 bond, if the applicant pays his instalments on the due dates stated in the prospectus.

Thus a $50 bond if paid for in full before November 16, the date of the close of the subscription, costs just the $50; a $100 bond costs $100 and so on.

Every bond holder will receive a half year's interest at 5½ per cent on May 1, 1919; that is, on a $100 bond he will receive $2.75 interest on May 1st.

On bonds paid for by instalments the interest will be paid just the same on May 1, 1919; and, to put all buyers on the same footing those who pay by instalments will have to add the small difference in interest of 58 cents on a $50 bond and $1.16 on a $100 bond to their final instalment.

In the case of bonds paid for by instalments the due dates and amounts of the instalments would be :

	On a $50 Bond	On a $100 Bond
On Application	$ 5.00	$10.00
On Dec. 6, 1918	10.00	20.00
On Jan. 6, 1919	10.00	20.00
On Feb. 6, 1919	10.00	20.00
On March 6, 1919	15.85	31.16

Every citizen can help if it is only in the courteous and prompt answer given to the canvasser who is charged with the duty of taking the application. Each canvasser has very responsible duties to perform, and it should be your endeavor to assist him. Place your application with him and not through your banks. The bank will have enough to do in other ways, and it will serve the country's purpose best if we all work with the canvasser.

To the People of Southern Alberta :

Our country is about to make another issue of Victory Bonds.

Last year's issue has amply proven the benefit to the country and to each indivilual bondholder.

The enormously increased volume of business that has come to Canada has been profitably carried without effort to the undoubted advantage of every single one of all our citizens.

The many who participated in last year's issue have thoroughly appreciated the benefit of their investment.

Southern Alberta did well last year, thanks to the army of workers who placed themselves at the disposal of of our various Victory Loan organizations. The same willing service is forthcoming this year.

Although Germany is beaten there may be quite a little way to travel yet before the poor deluded common people of Germany fully discover that they mistook a man-made machine for their own human soul.

If the answer to their request for an armistice be "See Foch," let your answer to your country's request now be "If you want money—See Me."

WM. TOOLE, Chairman
G. R. MARNOCK, Vice Chairman,
Southern Alberta Executive

MENNONITES TO CONTRIBUTE IN A LARGE WAY

Won't Take Interest—Money Must Go To Hospitals and So Forth

The four colonies of Mennonites south of Lethbridge are making arrangements through the Victory Loan canvassers to substantially contribute towards Canada's war funds. While their creed prohibits them from contributing to funds which would be used for the purchase of actual fighting equipment, they have expressed through Messrs. Fred Karren, F. W. Bradshaw and other active patriotic workers, their willingness to subscribe to hospital funds or other such funds in a substantial way.

Another peculiar tenet of their creed prohibits the Mennonites from accepting interest from invested funds. Therefore they will take no interest from Victory Bonds. Whatever contribution they give will as a straight gift to war charities . The canvassers are very pleased with the response met from the Mennonites.

PEACE OR NO PEACE, CANADA NEEDS HALF BILLION

In connection with the Victory Loan campaign, the minister of finance said today that he desired especially to emphasize the fact that the Victory Loan will be required to the fullest extent even if peace should come within a few weeks or months, as the nations will be on a war basis for a long time and it will take Canada a year or more to demobilize. He also stated that it could not be clearly understood that our export market for agricultural and manufactured products would continue to depend upon the establishment of imperial credits. "It is imperatively necessary in the national interest," he added, "that the objective of $500,000,000 should be reached.

The legal profession of Ontario has made representation to the provincial government that owing to the increased cost of living and office expenses during the war, an order-in-council be passed permitting an increase in the tariff of 20 per cent. on business in the supreme and county courts.

A woman's hand mirror was the means of saving fifty lives from the torpedoed liner Galway Castle. Among the survivors on a raft was a woman who took from her handbag a small mirror and suggested one of the sailors use it for making heliographic signals. The attempt was made and the signals brought up a destroyer at full speed.

" Six miles from Magrath," said Mayor Bennion of Magrath at the Alberta Municipalities convention, "60,000 acres of land paid no school taxes. It was bought some years ago for 50 cents per acre annd one-quarter of it sold recently for $40 an acre." A situation like that should not be allowed to exist. It is time the government remedied it. Mayor Bennion is right in demanding that all land should be taxed for school purposes.

All for Canada, buy Victory Bonds.

VICTORY BONDS

Canada's "Scrap of Paper"

GOOD AS GUINEA GOLD

IN Canada, as in all right-thinking nations, good faith is the foundation of all our business dealings. Without a sound basis of credit our whole financial structure would crmble and decay.

Credit is the belief of the creditor in the borrower's intention and ability to pay.

You do not hesitate to exchange four silver quarters for a Dollar Bill, because you know that Dollar is as good as Guinea Gold. Yet a Dollar Bill is only a 'scrap of paper' bearing Canada's statement that it will pay one hundred cents for it.

You have read that statement so often that you have come to accept it with without question.

And Canada has always made good its promises concerning every 'scrap of paper' it has ever put on the market.

Canada is now offering to investors Dominion of Canada Bonds, bearing interest at 5 1-2 per cent per annum. The interest is payable half yearly, and the Bonds are issued in denominations of $50, $100, $500, and $1,000, making a most attractive and profitable investment.

It is Canada's desire that Bonds of the Victory Loan 1918 be distributed as widely as possible among private individuals.

The last Victory Loan, which was largely over-subscribed had more than 800,000 subscribers, or 1 in 9, of the entire population of Canada.

Every available dollar of private capital in Canada is urgently needed to surpass that record. Buy Victory Bonds —they are as good as Guinea Gold.

From the standpoint of Patriotism your duty is clear. But, apart from any consideration of duty and patriotism, Canada's Victory Bonds represent the safest, surest and best investment in the world today.

This space donated to the 1918 Victory Loan campaign

INCREASE IN BRITISH NAVY SINCE WAR BEGAN

Figures made public today on the growth of the British navy during the war show that the fleet, including auxiliaries, increased from 2,500,000 tons displacement to 5,000,000 tons and the personnel from 146,000 to 406,000 men.

Since the outbreak of the war 21,500,000 soldiers have been transported by sea, of which 4,391 were lost. For the requirements of the British naval and military forces more than 86,000,000 tons of stores were tran-shipped, while more than 24,000,000 tons were taken overseas for Great Britain's allies. Transportation also was provided for 2,0000,000 animals.

Prepare for the bond salesman.

DENIES THAT FARMERS ARE PROFITEERS

Says That Heretofore Underpaid, Now Coming Into Their Own

The era of cheap food is over, declares Clarence Poe, in the Review of Reviews. High prices, due to the removal of several influences which have heretofore kept prices of farm labor at an unreasonably low level, have permanently set in, and our problem in the future will be not to get cheaper food, but enough food. Mr. Poe repudiates the idea that high prices mean that the farmers are profiteering. On the contrary, he says: "The prices of farm products must stay high as compared with former prices for these products, simply because the consumer has heretofore paid the farmer less than a living wage."

All civilization expects you to buy Victory Bonds.

NEWS FROM BLACKIE

Pte. Jas. McRobbie spent the week end with his brother. He displays excellent care and military life apparently agrees with him.

Have Hindenburg hike; buy Victory Bonds.

Speaking of t he installation of electric lighting plants in the home of our farmers, have you seen the Alamo plant now sold by Robert Wilkinson? It looks like a dandy and should have a good sale. Mrs. Both and Samuel Souter installed one of them.

James Beattie has had erected a large building which he will utilize as a carpenter shop. He will do all sorts of cabinet work.

The Spanish 'flu has made its appearance in town and district. Gordon McRae had a very bad attack and was quarantined in his rooms, where he was attended to by his sister, Mrs. Bury, of High River.

In order to observe the health regulations the Blackie school and all public meetings have been postponed indefinitely.

Why the delay? Buy Victory Bonds

H. L. Schmidt, who was in E class, was called recently to report at Calgary for military service. He will leave for Calgary on November 15th. He will be greatly missed in business and social circles, and the best wishes of all are extended to him in his military career.

The purchase of a Victory Bond means your faith in the country that gives you a living.

The Victory Loan organization for Blackie is now in harness and it will be the endeavor of the committee to personally call upon every man, woman and child in the district. No one will be overlooked, and it is up to all to assist the members of the committee in their work. It should not be necessary to urge the farmers of the district, for it is up to all to invest in these bonds. The boys at the front are giving their services and offering their lives. Surely to God those of us at home will do our share by investing in Victory Bonds. The committee consists of Messrs. Goulter, Harrow, McDonald, Stiers, Evans, Bolus, Orr and Hessell. Mr. Robert Wilkinson is chairman, and he will be glad to have you consult him as to an investment.

The death occurred at her home near Frankburg on Sunday, October 27th, of Mrs. James Mathison, the cause of death being asthma. The deceased has been a resident of this district for ten years, coming here from Oklahoma last February. Her husband died after a brief illness. The funeral took place to the High River cemetery on Monday.

A large flock of geese passed over the town, flying south and at a low altitude. Many were tempted to get their guns and have a shot as the birds flew over the burg.

USE YOUR DOLLARS TO END THE WAR

If my dollar will drive the enemy back from despoiling Europe and threatening America, here it goes! I will put all I can spare into a Victory Bond, to help old Canada finance its own war burdens, and secure for Great Britain a plentiful supply of foodstuffs.

For it is not the rich man's pile that counts most. It is the accumulation of purchases made by farmers and rural business men from every corner of Canada that swells the total and strikes terror to the heart of our enemy.

When dollars can fight, let us wheel every one of them into line and so hasten the peace that must come when our golden impact strikes the front line. He is a patriot and helper indeed who saves for Victory Bonds.

For Foch and Freedom buy Victory Bonds.

LIVESTOCK SALE POSTPONED

Epidemic Holds Up Popular Calgary Auction Until December 10-13

Owing to the Spanish influenza epidemic and restrictions in connection therewith ordered by the provincial health department, it has been found necessary to postpone the Association auction sale of dairy cattle, sheep and swine arranged for the Calgary exhibition grounds on October 30 and 31. The association regrets very much the necessity for taking this action, but feels it is necessary for it to do its part in checking this serious epidemic. The sale will be held at the winter fair in Calgary, December 10-13.

Let Ludendorff lose; buy Victory Bond.

APPEAL TO U. F. A. MEMBERS TO SUPPORT VICTORY LOAN

To Officers and Members:

Just one year ago today I addressed a circular to you asking you to purchase Victory Bonds. Your response was most gratifying. The campaign for another bond sale will begin on the 28th of this month. The rate of interest on bonds is the same, the country's need for money is the same, the opportunity for a good business investment is the same as last year. But I fully realize that financial conditions among farmers this year are very different from last year.

Many farmers will be entirely unable to invest a single dollar, others will be able to invest a part as much as they did last year, while a few may be able to invest as much or even mor than thy did last year.

Buy at least one bond if you can, and as many more as you can afford to buy. It is a good investment; it is good security; it is a liquid asset. The country needs the money, and the end of the war is in sight.

If you cannot invst $50.00 in a bond but can invest $15.00 in a life membership, do so, and the U. F. A. will invest it in Victory Bonds.

Let each invest according to his or her ability.

Hoping that we are very near the end of the last war, I am,

Yours most sincerely,

H. W. WOOD, President

Your country needs your money.

Bar barbarism by buying Victory Bonds.

A German city collects garbage, dries it and mixes it with molasses to form a cattle foood.

The Victory Loan campaign all over the contry is going to be hampered by the influenza epidemic. Public meetings of all descriptions have been cancelled, and the success of the Loan will depend on the people themselves.

Queer the Kaiser, buy Victory Bonds

When Harry Lauder, the Scotch comedian, arrived at Dundee on Oct. 20th, he received a notice calling him to the colours. He is 48 years of age. Such an order issued in Canada would bring about a revolution on the part of opponents of the Union government

The cabinet at Ottawa is taking up the question of exemption of Mennonites who recently came to Canada from the U. S. in order to avoid military service. No official announcement of uolicy has been made, but it is understood that an order-in-council is now being considered that will strictly limit Mennonites from being exempted, that is, those descendents of the original Mennonites. The order will also show who are to be classed as Mennonites. The settlers who came here recently from the U. S. are not Mennonites but belong to the Hutterish Society, and they cannot claim exemption as Mennonites.

Going Out Of IMPLEMENTS

As we are giving up our farm Implement Agencies, all outstanding accounts must be paid by November 1st.

C. S. HALL

AUCTION SALE

Having rented my farm, I will offer at Public Aucnion, at my place on the N. E. quarter of Sec. 24-16-23-5, at the Reid Hill Coal Mines, on

War bonus for Dominion civil servants has been under consideration of the government, but so far no decision has been reached. An announcement is expected shortly. The civil servants are asking for a bonus of $350 a year.

Five anarchists, convicted of circulating anti-government literature including pamphlets urging munition workers to go on strike have been sentenced at New York, three of them for 20 years, the fourth, who turned states evidence, three years, and the fifth, a woman, for 15 years.

TRAITORS TO THEIR COUNTRY

According to Henry M. Knapp, the Salvation Army commissioner, who has just returned to New York from Russia where he has been from the outbreak of the war, it was upon information given by the Czarina of Russia to Germany that made it possible for the German submarines to sink the Hampshire upon which Lord Kitchener was a passenger. She had a private wire in her palace in Petrograd, over which she kept her assassin friend in Germany fully informed in regard to military plans of the Allies. She has snce died at the hands of the Bolsheviks, and there will be none to shed any tears over her death. She was an arch-traitress. The assertion is also made that Kerensky, the Russian lawyer and politician, was also in the pay of the German government and, with Trotsky and Lenine, brought about the collaspe of Russia. If they got their desserts the three last named would be skinned alive.

NATIONAL FISH DAY

October 31st is National Fish Day. It is the new national day which for its benefits ought to be as well known as Thansgiving. The intention is to make known the tremendous wealth of our Canadian seas and lakes, now largely going to waste because people's tastes have run toward meat. At present the annual value of Canadian fisheries is $52,000,000 or only about one-eighth of a dollar a week for each person. Forty-three years ago it was $35,000,000. The fish industry and fish consumption have not kept pace with the general progress of the country. A revival is long overdue. The average price of fish is about one-half that of meat, so that the housewife who insists upon getting fish from her local dealer combats the high cost of living. National Fish Day was established to give a right direction to the thought of the people respecting fish in the ordinary home diet. Eat fish October 31st.

NOT DECEIVED

In a Liberty Loan advertisement in a United States newspaper the German "peace drive" gets th consideration it deserves. "The Kaiser," says th announcement, "doesn't want peace; he wants time" ; and it goes on to say that if the camouflage were removed from the "peace offer" it would read about as follows :

"IMPERIAL PROCLAMATION.

"We, Wilhelm II, by the Grace of God, King of Prussia and German Emporer, wishing to get away with the booty we have stolen from Belgium, France, Russia, Italy, Serbia and Rumania, and

"Wishing to escape punishment for the crimes we have perpetrated on the sea, on land and in the air, and,

"Wishing to rorganize our armies for new and more terrible attacks upon the liberties of mankind.

"Do hereby proclaim to all the world we are ready to TALK peace—but only to talk, in oredr that the free peoples' of the world in alliance against us may be tricked into slackening their war efforts and quarrelling amongst themselves.

" Potsdam, Oct. 6, 1918.
"WILLIAM, R. I."

United States opinion, says the Manitoba Free Press, in quoting the above, so far as can be judged from the newspapers, and from published statements by leading citizens, is quite as resolute as is public opinion here, or in Great Britain or in France, that Germany shall not escape retribution by a "negotiated peace." What the United States wants to see, undoubtedly, is the cutting short of these diplomatic manoeuvres by a demand upon Germany for unconditional surrender.

Th fears that were entertained at the middle of last week with regard to th Liberty Loan were apparently dissipated in the closing hours of the big campaign. The total subscription is not yet announced but it is believed that it has gone over the amount asked for. Over 22,000,000 people subscribed, about one in five of the population. This is a wonderful showing and it will be with difficulty that Canada keeps up to it in the campaign which opened in this country this week

For your boy, and my boy, and all the boys out there, buy Victory Bonds.

The material has arrived and the city of Calgary will shortly have an aditional 1,500 telephones in the city.

Recent revelations have shown that when Captain Fryatt was executed by the Germans he faced the firing squad. An hour after his execution an order that he be not shot arrived from Germany. It will be recalled that he was tried by the Germans for attempting to ram a submarine.

Your patriotism demands Victory Bonds.

A BUSINESS PROPOSITION

Canada looks to YOU for help in making this great Victory Loan a success.

Canada needs your Money.

Ours is a country whose individual citizens are more prosperous than those of any other country in the world.

Canada hcs come to YOU, her citizens, with a straight buisness proposition.

That proposition in a nutshell is this:

"I need three Hundred Million Dollars to help finish up my business over in Europe. Lend me the money for a short time at 5 1-2 per cent. interest, payable half-yearly, and I pledge the return of every cent of your loan."

Plan to take all the Bonds you can possibly pay for. The payments are as follows:

10 per cent on application.
20 per cent. December 6, 1918
20 per cent. January 6, 1919
20 per cent. February 6, 1919
31.16 per cent. March 6, 1919

PLUMB FOR VICTORY BONDS

War Efficiency and National Prosperity

More than a billion and a half dollars distributed in Canada for exported agricultural produce and the products of labor in the fiscal year ending March 31, 1918, has kept Canada busy and prosperous in spite of the war.

CANADA'S production in such enormous quantities was made possible only by the money received through Canada's War Loans. Canada thus was enabled to assist the Allies in their purchases here by establishing financial credits for their use in this country.

CANADA'S war loans not only have sustained Canada's war effort, but they have kept the wheels of production turning as they never turned before.

This is the flood of cash which poured in to Canada's farms for their exports in the fiscal year 1918, for:—

Butter	$ 2,000,000
Cheese	36,602,000
Eggs	2,271,000
Oats	37,644,000
Wheat	366,341,000
Flour	95,896,000
Meats	76,729,000
Vegetables	19,034,000

Over six hundred and thirty-six million dollars for exported farm products alone!

* * *

AND the workers of Canada also shared greatly in Canada's export trade.

For their products there was distributed in Canada, during the year:

Munitions	$450,000,000
Metals	92,083,000
Vehicles	22,776,000
Wood Pulp and Paper	59,599,000

These huge sums were spent in Canada by the Allies.

Canada's own war expenditure for the fiscal year 1918 was $342,762,000.

And the bulk of all these expenditures, the foundation of Canada's prosperity and war effectiveness, was made possible only because the subscribers to Canada's war loans furnished the working capital.

* * *

CANADA must keep this great work going—must produce as never before; must work, fight, save and lend as she has never yet done to bring victory and a lasting peace to a war-ridden world.

But Canada to-day (thanks to her great export trade), is in a better position now than ever, to carry on.

The Victory Loan 1918 will keep Canada busy, will enable her to maintain her great export business; and it will make Canada more efficient than ever, because her prosperity will not be diminished and her determination to work, fight and win will be stronger than it has ever been before.
